

Helping Hands of Roseville — NEWSLETTER

Est. 2012

August 2019

The Helping Hands Food Pantry of Roseville exists to improve quality of life for Warren County residents by providing assistance to families in need and by developing programs to strengthen families and individuals.

Proud Member Agency

Helping Hands Awarded a McDonough Power Operative Cares: "Operation Round Up" Grant

"Operation Round Up" is a charitable program unique to electric cooperatives designed to provide financial assistance to local programs and non-profit organizations that benefit members within McDonough Power service area. McDonough Power rounds up participating customer's bill to the next whole dollar, a small donation that averages \$6 to \$12 a year. These funds are administered by an

independent volunteer Trust Board. Helping Hands Food Pantry is blessed to be among this year's awarded organizations.

Pictured are McDonough Power representative Kelly Hamm, HH President Cheryl Britt, Sylvia Arnold, Cyndy Hunter (grant writer), McDonough Power Board Member Steve Hall, HH's Janet Steiner and Steve McCullough, and Operation Round Up Trustees June Friend and Dan Byers.

We Are So Blessed...

Roseville Public Library's Summer Reading Program Participants Visit the Food Pantry

Participants in this year's Summer Reading Program came for a tour of Helping Hands pantry, storage

room and walk-in cooler. HH President Cheryl Britt (left) demonstrated how a visiting family could pick out food and how quickly the shelves could be emptied on a busy day and why the Pantry so appreciates donations like the ones the young people brought along to share.

A THANK YOU goes out to Director Cherilyn Thomas (far right), Meg Houston (middle) and Ann McIntyre (not pictured) for introducing our future community leaders to Helping Hands Food Pantry's efforts and the opportunity to possibly inspire them to be a "Helping Hand" themselves someday.
